

WELCOME TO GRENADA SCHOOL DISTRICT HUMAN RESOURCES

MISSION STATEMENT

The Grenada School District has as its mission the education of each student to his/her maximum potential. We believe that all children can learn and deem it essential to provide each child with learning experiences that will enable him/her to become a productive member of society. Realizing that students in our district exhibit a wide range of needs, interests, capabilities, and backgrounds, the educational program is comprehensive enough to meet the needs of each student. The district's curriculum structure has standardized the content by identifying "core skills", both local and state, which represent an appropriate curriculum for all students.

In order to accomplish our mission, the district is committed to the five correlates, which are characteristic of an effective school (1) A clear school mission (2) Strong instructional leadership (3) A safe and orderly climate (4) High expectations (5) A system to measure achievement.

This document is written commitment of the Grenada School District's mission to the education of its students.
