

DECA Students Place in State

By Lisa Jones
DECA Advisor/Sponsor

GHS DECA (Distributive Education Clubs of America) students traveled to Jackson, Mississippi, to compete in the DECA State Competition on February 16 – 17.

The students had recently participated in various business related events at the District Competition in Olive Branch. In order to advance to the state level, students needed to place first through sixth at the District Competition.

The following students advanced to State and chose to participate: Alexis Jones, Noah Renner, Marcus Leigh, and Coby Williams. Alexis Jones placed sixth in the Hotel and Lodging Management category and Marcus Williams placed third in the Personal Financial Literacy category. As always, DECA would like to thank everyone who contributed to our fundraisers throughout the school year.

DECA students who participated in the state competition were (l to r) Alexis Jones, Noah Renner, Marcus Leigh, and Coby Williams.
