

Art II Students Honor Military With Portraits

GHS Art II students, under the instruction of Melissa Taylor, recently displayed completed portrait projects of veterans and current military personnel in appreciation for their service. Students used charcoal and graphite to immortalize their subjects. The portraits lined the counter area at the Grenada Post Office in recognition of Veteran's Day and the 75th anniversary of Pearl Harbor.

Grenada School District thanks Postmaster Mary Griffin and staff for the support of GHS Art.

GMS Students Prevent Spread of Illness

Keeochius Rhymes left, Jonathan Davis right, and GMS Principal Marshall Whittemore, on poster demonstrate the DAB method of containing a cough or sneeze to prevent the spread of bacteria.

By Stephanie Coker
GMS Nurse

Students from Grenada Middle School's Health Council, along with Principal Whittemore, are sending a message to all students to "Cover Your Cough!" Along with good hand washing to prevent the spread of colds, the flu, and other respiratory illnesses, it is

important that you cover your mouth with your elbow when sneezing and/or coughing.

Sneezes can travel about 100 miles per hour and can spread over 100,000 germs (WebMD). Don't spread germs this winter, or anytime of the year. Destroy All Bacteria (DAB) when you sneeze or cough!

GETC Receives Grant

By Alina Harges
GETC Teacher

The Mississippi Reading Association (MRA) offers members the opportunity to apply for classroom grants in support

of literacy instruction. Alina Harges, three year member of MRA, has received one of these grants to implement technology in her classroom.

She states "I felt my students at GETC would greatly benefit from the possibility of our classroom being awarded a grant. The grant was written for the purchase of a classroom iPad, and it will be used as a motivational tool to assist with reading instruction in the classroom."

Current research indicates that the use of mobile technology, such as iPads, allows teachers to use applications for various skills associated with reading, writing, and listening.

Harges continues "It is my hope that the students in my classroom will enjoy the benefits of having added technology in the classroom which will provide another method of teaching and learning for the students."

GCTC Student Recognized

The Mississippi Construction Education Foundation (MCEF) has recognized Chris Kyzar, a GCTC carpentry student, as a MCEF's student of the month in the north region.

Touting a perfect attendance record this school year, Chris demonstrates a remarkable passion for knowledge through his hands-on learning style.

Active in his high school and community, he plans to attend community college and major in carpentry.

GMS Angel Tree

By Stacia Jackson
Angel Tree Coordinator

Grenada Middle School recently hosted its annual Angel Tree project. We would like to thank everyone for the continued support of this extraordinary effort in making Christmas a special occasion for students in the Grenada School District.

Grenada Middle School would like to extend a special thanks to the following people for their valiant efforts in making this project a success: Principal Marshall Whittemore, GMS staff and students, Continue Care, Wal-Mart-Pharmacy, CVS, Direct Insurance, GMS Girls' Basketball Team, GHS Band Directors, Renasant Bank (Kim Hawkins), Guaranty Bank & Trust Company (Misty Carson) GSD Counselors, Junior Auxiliary, Cindy Willis, Becky Angle, and Linda Turner.
