Junior Auxiliary of Grenada host many projects throughout the community. 'Ingenues' consists of a group of fourth grade girls that are chosen by their teachers. Members of the chapter graciously help with 'Ingenues' by conducting health enrichment and self esteem programs for the girls. Meetings are held weekly. An end of the year party was held for the girls in which breakfast and a painting activity was provided.

MTFC Sponsors Youth Awareness Event

The Mississippi Tobacco Free Coalition, the Grenada School District, and the Youth Advisory Team sponsored a Youth Awareness Event on June 12, 2014, at Grenada High School.

The students in the GHS Visions Showchoir participated in an interactive and hands-on activity regarding the hazards of tobacco use. Students rotated through various stations receiving educational materials about how addiction begins and stops and how tobacco use is harmful to every organ in the body.

Members of the MTFC Youth Advisory Team are (left front to back) Mahogany Moss, Quindon Pittman, right front to back; Marcus Lee, Jessi Morgan, and Jayon Townsend. Not pictured is MTFC Chairman Dr. Sandra Howell, and MTFC Director Sue Mashburne.
