Student Mariyah Owens (left) completes the eye screening by Grenada Lions Club member Morris Hubbard (right).

By Pamela Hubbard
Lions Club Member

The Grenada Lions Club recently completed their annual eye screening of students in the Grenada School District. They screened 500 children at Upper Elementary and 113 at the Grenada Middle School. The screenings alert teachers and parents to the need for some children who might need eyeglasses or further eye

testing.

The Lions Club members are still using the older eye screening machines, but are looking for community help to be able to purchase at least one new state-of-the-art machine that will be more effective on younger children and special needs students. They hope to have a new machine for next year's screenings.
